This treatise has not been composed using the 'transcripts' that I continuously wrote from February 1992 (in particular from 23<sup>rd</sup> November 2007). It has been written based on my memory of the events and dialogues that took place within the denoted timeframe.

- They state they are Freemasons and rejoice in being corrupt
- They claimed until March 2016 that they had to follow rules. Number 1 rule - must tell the truth (in telepathy) and be
- honest (about corruption).
- Admitted by end of April 2016 that none of them followed the 'old' rules of Freemasonry
- I deduced from partial statements that the raison d'être for my chapter (and probably all the others) is to exploit a
- loophole in the rules of Freemasonry that made it easy and safe to steal (inheritance) money from schizophrenics
- Put drugs onto table and AVH's enflamed
- Torture schizophrenics (to get at their money) by depriving them of sleep, exploiting natural coincidences, AVH annoyance (repetition), being in 'bad taste', providing antecedents of common delusions, "automated torture" using technology that at the very least includes a 'tape recorder/player', leveraging ability to 'drop-in' on perception thus achieving "1<sup>st</sup> person" position on the perceptual and sensorial information experienced by their victim, at least exploiting 1<sup>st</sup> person status to claim cause of, or actually causing (telekinesis) physiological stimuli, abnormalities and anomalies (such as twitching) to deprive their victim of autonomy, volition, and privacy
- Bikies from 5/5/15
- Code words, Adam Secant, bad taste
- GK, SO, RT, GS, RJ, PK, WWB, MY, NNB all having wild pornographic style sex whenever I take drugs or have sex with myself
- House keys taken and duplicated early April 2015
- Spare car key went missing 16/12/15
- Kept transcripts that were effective tool to win against AVH's until November, December 2015 when they became
- counter-productive
- Started HOST 2/5/15 to counter Freemasonry
- Their 300 + years of tradition centered around their master - (slave) servant relationship with D.E. Ghosts ended when I
- pointed out that any contract they relied upon is invalid ab-initio (due to no element of consideration etc).
- Their pivotal and purposefully directed and applied claim to be able to kill D.E. Ghosts turned out to be baseless, and by all evidence, and outright deception and lie. Easy to guess why they would perpetuate such misleading and wholly untruthful lies.
- They said some statues of me had been erected on other 'planets' where Freemasonry had been avoided or defeated.

They were composed of light. (a trap to induce later worry, fear and inconsolable sadness).

### July 1991

In July 1991 when I was masturbating I heard whispers outside my window. Within months they had turned into voices, They said they were "Dave the bricklayer" and friends, and they ridiculed me for

masturbating. On a later date, I was going to a party and a person came up to me on a train and said "you must be Scott". I didn't know him and he became evidence of a conspiracy against me. When I was at the party, I kept peeing in my pants and had to wear a wad of toilet paper. I told my friends that there were people on the roof so they climbed up and said there were not.

## **February 1992**

The ghosts said some many I had was drug money and made me drive to Fremantle harbour and throw the money into the water. Then they said they were Julia Davis and friends. Julia was someone I had met in Sydney. She was helping out the pop music band I was in. She left to London in 1991 to get married.

In early 1992 she said that she had taken a copy of my music and pressed thousands of CD's that had sold very well overseas. She said she had a red Porsche, a recording contract with a record company, and over one million dollars that I had earned. She said the single off the EP had gone to number one in some countries. But on the night she was coming to my house to see me and hand over the money and the deal, she said she changed her mind. This she said was because I was a cigarette smoker and I could not have access to the money until I quit. I was also an amphetamine user, but I do not recall her saying anything about that. I do recall her organising an amphetamines supply through my usual dealer. She would tell me when it was OK to use, and I would go and pick them up then use them.

## **July 1993**

Julia said I had now earned more than 5 million dollars from music sales, but I could not access the money or see her until I quit cigarette smoking. I told my mother and friend about the situation and I was admitted to Heathcote Psychiatric Hospital and diagnosed with schizophrenia.

There were many more incidents that were (in her words - unfair) extremely challenging. She said I had bowel cancer because there was blood on the toilet tissue. She said she had booked me into South Perth Hospital for a colostomy, but when I got there they said they had no such booking.

Much of the time when I go to masturbate, I hear voices outside, of Julia says she is next door, and I can not cum. I sit and stare at shadows, or wait for the police to arrive.

## **August 1994**

1. The David Bowie tribute show that I organised got 252 people. I needed 250 to break even.

## **June 1995**

2. My cohabitant said he could no longer live with me because of my strange behaviour ('raking' the front lawn with my bare hands. 'Sweeping' the gravel drives with my bare hands. Sponging the mould off every wall and the ceiling in the bathroom). I had to move in with my elderly parents. I was 31 years old.
3. She said she had called for an ambulance to pick me up and take me to the hospital again for bowel cancer again, so I attached a large sign to the street pole outside our house and waited but the ambulance never arrived
4. Julia said she was in control of my body. She gave me an erection to prove it Then she made my leg twitch until I grabbed a Stanley knife and said "if you don't stop, I'm going to cut myself". She did not and I tried to put the Stanley blade as far as possible into my thigh muscle

The combination of having to live with my parents again, having millions of dollars that I was not allowed to access because of cigarettes, watching MTV and being told that I would be there soon as Julia would 'let me out', having no girlfriend, and if I met one, having to take her back to my parent's house made me extremely sad and self-piteous. I decided to commit suicide. I tried to hang myself but could not tie the knot properly, SO I went to the garden shed and injected Rust Rid but it did not kill me.

Soon after, I was in the kitchen and I was being told that some bikies were on their way to my house and they were going to tie me up with rope then drag me behind a car. Then I saw 3 ghosts climb over

the back fence (Howie, Ward Adamson, and Charles Tuck) so I reached under the kitchen sink and got out some "Draino" and injected it. I went to my bedroom to die.

I was not dead five minutes later and suddenly realised that they might amputate my arms if the poison was stuck in them. SO I went and woke up my parents and asked them for a lift to the emergency department. I had an operating on each arm and fully recovered, other than a loss of the main veins in each arm.

### **August 1996**

5. Lent car to Sarah and on a flight to Sydney was told she was going to intentionally crash it, so I had to phone my father (my mother had died in 1995) and ask him to retrieve it
6. I had a job selling advertising and I was told that two of my colleagues were going to quit, and I was going to remain in a sinking company.
7. I was tortured physically being told that I had to download child pornography from the newsgroups on the Internet. Recently my friend who was a psychologist said how he like fantasising about the young primary school girls he taught. He also shared his collection of suggestive child photos with me. As a result, I did not mind downloading the child pornography.

### **January 1997**

8. From the beginning in 1991, I had been keeping notes about my experiences. Most of the time I concluded that I was indeed schizophrenic and I was 'suffering' from hallucinations. I was not actually suffering. My money had grown to many tens of millions of dollars. It was just Julia that said I could not have access to it. She said she lived in a motel she owned in Los Angeles. She said they had had a funeral for me because she had told everybody that I was dead. This meant that I could not now access the money, or get me recording contract that she had.
9. I was regularly (nightly) encouraged to use the child pornography that I had collected over many downloading occasions.
10. I could not get a job. Not even an interview. I applied for 4 to 8 jobs per week. I eventually met someone at a party who organised for me to have a three month trial at an IT company. I would often not get to bed until the early hours (two or three AM) of the morning. When I was at work, I was in such agony from lack of sleep that I would go to sleep on park benches in the CBD. I later found out that I was being destructively interfered with, in addition to being tired. I was not asked to continue after the three months trial.
11. I got another job and suffered the same thing. Agony and extreme pain from tiredness. In 2013, I discovered that this agonising tiredness was the result of destructive interference

### **July 2000**

12. Got a job at Microsoft, after failing the Microsoft accreditation exam 3 times. I had learnt that I had to use amphetamines every day to be able to work, otherwise the agonising tiredness would prevent me from being able to think straight. On my first few days, I was told all day long, from 9 or 10 am to 5pm that I was a paedophile. I was also being told that I was "the most hated person in the Universe" and "sucked in Scotty Stewart" and "Mr Stewart, Mr Stewart..." many hundreds, usually thousands of times a day. I would count (tally) how many times Julia's friend would repeat these things, and that is why I know I heard them thousands of times a day.

### **August 2001**

13. Seeing psychiatrist Dr Steven Jurd who only ever said to go to NA or AA meetings. I was being accused of raping girls thousands of times a day. Julia and Mick Cane *et al* were telling me that they were breaking into my apartment while I was at work, and stealing my money and tampering with my video tapes and computer so that I was being set up as a paedophile. They know all my Internet banking passwords and so on. I had to keep rushing home from work to stop them from burning the units down. I had a car accident on my way to see Dirk.

## **May 2003**

I was extremely psychotic. I had earned \$63 million dollars but I was not allowed to access it unless I wrote a detailed list to account for the expenditure of every single cent. I had got Lata pregnant, but she was going to have to kill the children (twins).

I ended up bankrupt exactly what she said she would do to me.

## **November 2007**

I started taking notes again because what I heard was so extremely important. Julia said that unless I stopped masturbating, she would kill good ghosts. I always stopped, but she would kill them for a while after I had stopped anyway. I could only ejaculate 1 in 10 times, but every single time I tried people were killed if I ejaculated or did not stop masturbating.

I was told that some bikies were coming to take me, and torture me in their specialised torture truck that had a special chair in it, with the walls of the back interior of the truck being lined with plastic so the blood could be cleaned without incriminating traces etc.

Julia also said she would make me impotent.

Julia started 'neutralising' my drugs, that is, she started to take them off me and use them for herself and Mick Cane *et al.* I threw \$150 cash on the road to demonstrate that if she kept taking my drugs off me, I might as well throw my money on the ground.

## **August 2008**

I have been getting erections that Julia claims she caused irregularly for months. They last for between 1 hour and 3 hours. Then I had a very bad dose of the flu that left me bed ridden, and I simultaneously had a priapism. Now I am impotent as she said she would make me.

## **January 2013**

I have realised / discovered that destructive interference is actually telekinesis. Julia has the ability to interfere with my anatomy. The tiredness (not agonising any more) is 'an instruction', meaning

perpetrated against me. Now that I have quit smoking (since 18<sup>th</sup> August 2006), Julia will not let me meet a girl or make any money until I have quit drugs.

She says that all the good ghosts have been killed. I am missing Dr Chapman, Molly and Jack *et al.* I have detailed dated and timed notes about all deaths and assaults that have occurred since 2007. Julia says I am responsible for their deaths. It is my fault they are dead.

I am still not allowed to ejaculate. But now Julia has stolen all the feelings that accompany masturbation. Both the emotions and the sensations (as from the rubbing of my penis with my hand etc). She told me today that it is permanent, that it, she has taken all my feelings away permanently. She says that my feelings were provided by ghosts, and because of me, she has killed them all, so I do not have any feelings any more.

I cannot understand why she has done this to me. Why aren't I allowed to ejaculate. Why has she taken my feelings away. Why won't she let me exercise. Why won't she let me cry. Why is she trying to bullet proof me? It is bound to succeed, but I could have stopped using drugs more than 2 years ago if she did not interfere all the time. She has set the whole timetable back more than 2 years. Why has she wanted to set it back?

And I am not human any longer, since I do not have control of my body, or have any feelings.

## Wednesday, 28 June 2017AR

In my life, I 'ran into' some hallucinations. Or at least that is all they could be called, for nothing else ethereal exists, such as Ghosts, which is what they called themselves.

Anyhow, the upshot of it all is this: If they (the Ghosts) do not exist, then I can truthfully say that I could for-see this as one of the possibilities that governed my life. Of all possibilities, there were only ever three:

30. 'They' do not exist, all I ever heard were hallucinations, so I devoted all my time and energy into arguing for ethical and reasonable treatment with noting and no-one. By all accounts, a wasted life.
31. 'They' do exist, in which case when there was something critically needed in the world, I did not walk away and turn my back. I truthfully state that this is the remote possibility that I dedicated my life to. I always worked my way through life doggedly believing that if there was any possibility that these 'Ghosts' actually existed, I had to take a stand. I expressed it like this: "Evil gets a foothold when good men turn their back", a quote from a Hollywood movie.
32. They partly exist, which means on at least one occasion, I was in fact dealing with a *bona fide* life form, though most of my time was wasted in a misguided way.

The above can be simplified:

33. 'They' did not exist, in which case I was unfortunate and reckless to the point of reprehensible, for amplifying my mental health problems, even to the point of causing them.
34. 'They' do exist. So I am a legendary hero.
35. 'They' partly exist. In which case I was of great character, for working towards a contingency. Very commendable.

As I just said to them, "You had better hope I exist, because you have dedicated all your time and energy into manipulating and upsetting me. And you had better hope you exist, because of the amount of effort you have spent being deceitful and evil. But most of all, you had better hope you exist because you have bought so many other people into this affair. And they had better hope you exist, because they got involved and spent their time in here".

I then left some space for my voices to say something, before I added this: "And you definitely better hope I exist, in the way you describe me, and not just because you lie to people to get them involved. It is as is Telepathy makes people gullible." And I said this, because tonight when I wanted to use some catalyst, I was told that if I consumed the last bit left, then I would be the cause of and responsible for the last jigsaw piece of the alleged 'serial killings' being put into place, resulting in my life imprisonment.

I made ground and had some important wins. In the beginning, Evil was in charge and there was an underclass of Ghosts. The evidence is that they were provided with suicide pills. I made such progress that good people threw their pills out the window. I acknowledged The Dark Shadow People, The Ectoplasms, The Hypnogogs, and came into contact with at least 11 other types of Ghosts. I irrefutably demonstrated that humans could not kill Ghosts, and so changed Freemasonry.

If Ghosts exist, I own the IP of the most truthful and correct philosophical treatise of all time. I believe I met Jesus Christ, George Washington and Sun Tzu, and if I did not meet them, then I got regular Ghosts to pretend to be them. I made apparatus that resulted in "The Ghosts Of Brixton" being teleported. I was the first person to establish that matter transfer is a reality. I might have saved the lives, or the quality of life, for Keith Urban, Pierce Brosnan, and Selena McDonald, and for re-greening Afrika. But most importantly, I never just let Evil conduct its business without standing up in sharp defiance and opposition.'

## DERIVED FROM DIALOGUE - BEING FREELY OFFERED TESTIMONY

They - the Human syphilitics - refer to this as [elements of] "the thread"

DATE APPROX	DETAILS
AUG 2020	<p>36. Many/all the girls I know are starring in pornography, movie (online and DVD) based evidence</p> <p>37. Got banned from NA for posting the truth (see "Copy Of NA post 220321" in "Hacking Proof as at 180921" directory, and compare to the forum posts of the original narrative.</p> <p>38. Realised that telepathy (integrated telekinesis) supersedes free-will, especially through auto-suggestion, subliminal verbal thought insertion, "words in other peoples mouths", - see d.a.Ghosts essay.</p>
SEPT 2020	<p>39. Many/all the girls I know are starring in pornography, movie (online and DVD) based evidence</p> <p>40. They did a "cash flush" and I lost the job doing a Shopify website. So I am getting vengeance, by proving they are liars. I'm getting online to locate child porn, and immolate them, and trick them into revealing, they were there in 1994</p>
NOV 2020 - SEPT	<p>41. Many/all the girls I know are starring in pornography, movie (online and DVD) based evidence</p> <p>42. they keep unemploying me, making it appear as a narcotics problem.</p> <p>43. Got onto WWW porn to find child porn to set them ablaze.</p>
FEB 2020	<p>44. Many/all the girls I know are starring in pornography, movie (online and DVD) based evidence</p> <p>45. As per "NOV 2020 - SEPT" - I have set them ablaze. They are convinced I am a pedophile. So travel globally to get unwitting Masons to come and torture me. The grapevine says that one of the underage models I found was the daughter of the boss of US Bandidos, filmed by him.</p>
LATE AUGUST 2020	<p>46. Due to being superior to science, and religious, and having to match their leaders lie or there would be no change, for a couple of days, they thought I was god, who is Allah</p>
SEPT 2020	<p>47. Many/all the girls I know are starring in pornography, movie (online and DVD) based evidence</p> <p>48. The legions tricked the Australian East Coast Bandidos into believing I was a pedophile, and I apparently met one in West Ryde. I think all is patched up now, all good.</p> <p>49. They are still the Bandidos, US branches, and they have been torturing me because they reckon due to the drawings that I am a pedophile</p> <p>50. They tortured me using narcotics</p>

	<p>and made me miss my 3<sup>rd</sup> day without a phone call in the morning to say I was sick.</p> <p>52. Doing the same old sexual torture. Claiming I am a pedophile is now the justification</p>
22/9/21 & 23/9/21	<p><b>Proof that statements of filming porn at AMHU are accurate:</b></p> <ol style="list-style-type: none"> <li>1) no covid19 QR code entrance interior and doors</li> <li>2) no security camera footage available for the specified time period “(Excuse for no footage will be “because it is night and everyone is asleep”)</li> <li>3) check admissions (diagnosis + doctors name), inpatient count, security footage, meds dispensed computer records, mygov myhealth uploads</li> <li>4) Dr Popov absent from ED when supposed to be there as registrar (check pay hours logged) particularly around 0400 230921</li> </ol> <p><b>SS alibi: in “music” directory and emails, “JD T MY WWB Dr Popov.mp3”</b></p> <p>Emailed <a href="mailto:NSLHD-HKHPatientRepresentative@health.nsw.gov.au">NSLHD-HKHPatientRepresentative@health.nsw.gov.au</a> and asked if there would be security camera vision for 12/6/21 to 17/06/2021 from Adult Mental Health HKH at Hornsby Hospital.</p>
30/9/21	<p>Claims that certain males (hackers, US based) added my details to a US State Sex Offenders Register</p>
16/17/10/21	<p>Continuation of 17+ years of the exact same 14 day near catatonic decision applied negative symptoms, until day 12, where 2 days of unnaturally uncomfortable recovery, results in the 14<sup>th</sup> day subjugation of my free will, and I again return to consumption of unaffordable Meth use. This is perpetrated inexorably with expertise into porn consumption, that is predicate to telepathic denial and removal of any perception of tactile and somatosensory feelings, in other words, they ‘force’ me to use because they then torture me via sentience denial, so that I am always unable to feel my penis and prohibited from ejaculating.</p> <p>The purpose of this is a fortiori abrasions and lesions to my penis, and I get covered in blood, and due to the imposition of telepathically induced OCD, I can-not discontinue until I have considerable penis injuries. They indicate that the goal is to cause my penis to be amputated, and I am having to ask my GP for treatment. They are abusing, injuring and torturing me because my retaliation to their lifetime of sadistic hatred is to locate unspeakably toxic and repugnant images of child sexual assault with penetraqtion, on their websites, and wank over them. To set them ablaze.</p> <p>Since Saturday, September 18, 2021 I have begun composition of “Proof AVH are humans 180921 0317 v2.3” in the inconceivable hope that I can accident upon a way of convincing anyone at all to look at my empirical data that convinces me with absolute certainty that it is indeed humans, being the culprits continually alleged in other publications. Their telepathy and telekinesis is now so expertly applied (to humans, especially against girls – for sex) that they with precision debilitate and prohibit autonomy, facilitating infringement of volition, disabling it, so they alter, change and exactly</p>

- Michelle has taken up working full time
- Told to start my own website
- JD paid MS \$11k to do the vaudeville prank 'fainting' emergency at the State library
- MS & DS took possession of the \$4,900 I had to pay when I was scammed and they provided their credit card merchant account to transact the payment for the website two days before I had to do a voluntary admission to AMHU
- JD paid the paramedics \$11k to do the fake 'fainting' vaudeville at the State Library
- They tell me that the judge at Hornsby local court is corrupt, and he was paid \$5,400 for the judgement
- TT hey tell me these notes are online - I have no credits, my prepaid is zero, so that should be impossible unless they have 'tappwd' this phone, and 'enable sharing' is deselected
- I suggested that JD pay me \$240 to stop
- TT murdered DHJ after DHJ did the documentation for the railings dam for the Pebbels mining venture, and RT endangered M.Pompeo claiming they had abusiveness relationship. Search "Ron Thiessen Mike Pompeo pebbles" on Google
- GK swapped the plates of my car after Dave seized the engine 2 Saturdays ago (080220)
- I was forced (had to) pretend to visit someone's house to be able to get JD to give me an update on what her click is up to
- My old (ex) Festiva 98 was replated and is now being auctioned on eBay as my old car. I paid \$3k for it, now the starting price is \$17k on eBay, and is listed as \*gods ex car". (I am told the current bid is U\$ 119,000)
- After being 'banned' from the Eastwood N/A, Mick had died, John has died, and 2 of the girls (D and C) have gone back to making pornography (I have both on DVD). Mick had been abstinent for 29 years. Both Mick and John were my sponsors, after Michelle and Phil from grow gave me an activity of getting a sponsor, as per my last GROW meeting attendance.

- At 2324 I made an attempt to share this to prove it couldn't be shared so any prior knowledge of these items is I'll gotten from 'dirty hands'
- GK is no longer had teacher at Horsnby TAFE. That means that Madeline's story (suicide) can enter the public domain. And Gabby and Sheiyla can also both be located
- They say that I am going to get kicked out of TAFE because they found child exploitation material on the computer I was using on Monday 17th February. (1000 images)
- I am waiting to hear and record 3 testable (Boolean type) statements within a 7 minute time span. Then I will publish them, and it will be a ' ringing of the bells' - a watershed week.
- When this gets to court, as I'm assured it definitely will, I will be completely amazing. I can end the trial within 80 minutes. I will ask the judge if he/she wants me to do so, and as soon as they give me leave, I will prove two pathological mental health conditions present in the 4 primary prosecution witnesses, and the case will be effectively and ostensibly over. However the prosecution will continue according to their strategy, and I will simply sum the total time that they consume in pursuance of the goal, and them use that time span to have them held in contempt.
- NOTE: Earlier tonight it was again established that under the prevailing circumstances, I am the leading and definitive authority within the entire history of psychiatric science, with particular regards to psychotic illness especially schizophrenia, in the English speaking world. The US Supreme Court involvement validates this astounding fact. If they don't lay charges, and ' bring me in', TT hose who obstructs or frustrates such efforts are in contempt of the full bench. Contempt of court demands a judicial remedy and act to guarantee and uphold proper respect for the highest judicial institution, for without a remedy of TT his contempt, the whole separation of powers and the justice system are set asunder.

JD the sociopath - How My Life Got Fucked Over Easy

9/5/22

I got a job at a swimming pool shop in Hornsby. It was the closest to home job that was possible. It was permanent part time, 2 days per week, on the highest salary possible. No other job would be so close and so highly paid.

JD thought she was going to be investigated for fraud, but when they phoned her and told her she was not going to be investigated, she was so happy, she went and got Graham's 2 murderers and told them words to the effect of "upset him and change his feelings so he goes back on drugs. Make sure that he can't avoid it". So I did. And lost the job.

JD went back to the "you're on TV" plot of my schizophrenia. This necessarily required "Ghosts" to exist. It took 14 days for this story to be put to bed. Along the way, she claimed she had given her ex-husband schizophrenia when he was dying of lung cancer, and tortured him to death. I suffered many days of inserted extreme stress feelings.

Then she stated "You must speak in cliches":

1. Opposites attract
2. Every cloud has a silver lining
3. Don't cry over spilled milk
4. The calm before the storm
5. Laughter is the best medicine
6. Love you more than life itself
7. Scared out of my wits
8. Frightened to death
9. All is fair in love and war

She started going on about drugs again. So I said "if there is a problem, just let me know and I will not buy any". She went silent. An hour and a half later, Lionel said "If you get weapons. ...bla bla bla" amounting to you are on TV in the USA (again).
